

Χριστός Ἀνέστη! Ἀληθῶς Ἀνέστη!
 Christ is Risen! He is truly risen!
 المسيح قام قام

 Whatever language you
 use, the truth is still the same.

Christ has risen from the dead
 And by death
 he has trampled down death.

*May the truth of the risen
 Christ be a reality in your
 life, not only at this season,
 but always.*

 Pascha Resurrection icon - 20th c. English inscription.
 This is a depiction of the harrowing of Hades by
 Jesus during His three day burial. Adam and Eve are
 being pulled from their graves as the kings and
 prophets are led forth out of the darkness of death
 into life. The gates of Hades are collapsed in the form
 of a cross similar to that found in icons of Christ's
 baptism. As the serpent is often placated into
 submission in the theophany icon, death is shown
 conquered and bound beneath the gates - allowing
 open passage through Hades into the resurrection.
 This icon print is mounted on stable medium density
 fiber core plywood with a birch wood veneer.
